MERCER'S FINE WORK

Commented on by a Cincinnati Paper.

BEST PITCHER IN THE LEAGUE

Smurthwaite in the City Yesterday Getting Players For New Cumberland—The High School and Y. M. C. A. Play Ball. Mercer at Last Loses a Game.

The Cincinnati people evidently think a great deal of Winnie Mercer's ability as a ball player. The following clippings are both taken from the Enquirer of that city.

"The Washingtons have won nine games this season, and Mercer has pitched in eight out of the nine victories. Mercer has not lost a game this season. Taking his batting, base running, coaching and scrappiness into account, as well as his effective pitching, Mercer comes pretty near being the star of the league. Other crack pitchers have champion fielders and champion batters behind them, but Mercer is pitching champion ball with a low-down second division team behind him."

"Nowadays a pitcher has to have the nerve of a good poker player. With the coaches of the opposing teams firing everything in the calendar calculated to make him lose his temper; with the crowd shouting like madmen, and indulging in boos and cat calls, it takes a calloused disposition to not give way to these influences. Mercer, the pitcher of the Washingtons, is the coolest individual that has appeared here this season. Instead of permitting the coaches to 'kidd' him, he turned right around and 'kidded' the coaches. A dozen times yesterday our coaches and the crowd tried to rattle Mercer. Their work seemed only to help him; he smiled at their efforts and several times tipped his hat in mock politeness when the roasts were particularly severe. Any time one of the Reds was retired at a critical stage he would yell 'Cheer up, hard luck!' His face never lost his stereotyped style. There are those in Cincinnati who think Mercer one, if not the greatest, pitcher in the league. Washington is not a great team of ball players, but every time Mercer goes in the box it takes regular championship ball to beat them."

"Bobby" Smurthwaite, of New Cumberland, was in the city yesterday afternoon looking for players to assist the team at Cumberland in their game with Toronto today. He secured Dennis McCurran and John Godwin, and would have liked to have had Albright and Twaddle, but those two players would not leave the home team.

John Reark is playing with Toronto today.

The high school team and the Young Men's Christian association baseball club crossed bats at the West End park yesterday afternoon. The game was a close contest for a few innings, but the Young Men's Christian association boys soon showed their superiority and forced ahead, the game winding up by a score of 14 to 6 in their favor. The battery for the high school was Wallace and Dawson, while Allison and Millwood did the heavy work for the Young Men's Christian association. The summary shows the following record: Hits—High school, 5; association, 15. Errors—High school, 5; association, 8. Struck out by Allison, 9; by Wallace, 1.

The Homestead and East Liverpool team are battling for supremacy at the West End park this afternoon. Mercer, after winning eight games in succession, dropped his first game of the season at St. Louis yesterday.

The game was one of the best he has pitched, as he held the St. Louis team down to four hits. The Washington team, however, were unable to hit Breitenstein, and only secured two hits from that gentleman, the score of the game being five to two in favor of St. Louis. The Commercial Gazette heads its report of the game 'Mercer Beaten at Last,' and the Times has the following to say: 'Winnie Mercer got up against it yesterday, when he went in against Herr von Breitenstein, and lost his first game of the season. Breitenstein only allowed the Senators two hits, while the Browns only touched Win up for four. He pitched a fine game, even if it was lost.'

The record of Mercer in the game shows two put outs and one assist. He gave three men bases on balls.

Jack Darrah's Wheeling team is now in second place in the Inter-state league.

The game with Holy Ghost college team for June 20 has been canceled, and the J. G. Richards, of

Braddock secured. The Richards wanted to come here on the Fourth of July also.

OLD RETIRES

And the New is Duty Installed in Their Places.

The members of the old fire department met in final session Thursday night and wound up all business connected with the organization. As a reward for efficient service and faithful performance of duty at the fire of the Metch mill, the owner, Christian Metch, presented the boys with \$20, the gift being thankfully received, and it and the contents of the treasury equally divided among the members of the retiring department, who, after finishing up all matters, gracefully gave way to the new department, who were duly installed into their new duties and offices. The remainder of the evening was spent in a social way, the old members wishing the new ones a successful career. Chief M. B. Adam was present, and spoke of the harmonious relations that had always existed in the past, and he hoped that the future of the new paid department would be conducted similarly. Other addresses were made and responses given, and altogether the meeting was one of enjoyment.

FIRE AT WELLSVILLE.

The Commercial House Discovered to be on Fire.

Last night about 8:30 fire was discovered in the Commercial House and for a time it looked as if the building would be totally destroyed, as great volumes of smoke were rolling from the windows. The fire started in the third story in the front of the building, and was extinguished with considerable difficulty, as the water pressure was very low and the streams from the hose barely reached the windows. The damage by fire was slight, but the water flooded the entire building. There are two stories as to the origin of the fire; one is to the effect that a lamp was either overturned or exploded in the hall, which is the most plausible. The other theory is that the pressure of gas increased in a fireplace, igniting some clothing. The hotel is closed today awaiting the arrival of the insurance adjusters.

FROM THE INFIRMARY.

An Inmate of That Institution Visited the Township Trustees.

Joseph Tittensor, who has been an inmate of the county infirmary for several years past, was in the city Thursday visiting the township trustees. He formerly resided in Wellsville, but as he became too old to take care of himself, was sent to the infirmary, and has proven himself to be a very useful man at that institution. The gentleman says the infirmary was never in better shape than it is at present. He has been spending a few days with Wellsville friends, and expressed himself as thoroughly disgusted with the water the people of that city have to use, and came up here for the purpose of getting a good drink. He is well satisfied with his home at the infirmary.

THE WELLSVILLE ROAD.

Danger Signals Will Remain Where They Have Been Placed.

The workmen who have been engaged in fixing up the Wellsville road will finish their work today. The road was made almost impassable by the heavy rains of two weeks ago, but is now open and can be traveled, although it wouldn't be the safest thing in the world to try to drive over it on a dark night. The danger signals will still remain where they are at, and the man who travels the road in the future will do so at his own risk, as the trustees are of the opinion that the road is always dangerous. It would require a vast amount of work to put the road in such a shape that it could be traveled with absolute safety, and it is probable that the work will never be done.

GAVE A PARTY.

The Junior Girl Turners Entertain Last Night.

The junior girls' class of the East Liverpool Turners society gave a very pleasant party last night in Turner hall, under the direction of their teacher, Will Hertle. About thirty couples were present and the evening was spent in music and dancing, the festivities being kept up until a late hour. The little ladies served a sumptuous supper, and all present ate, drank and made merry. During the evening some fine free-hand exercises were executed by a class of 30 boys and girls, which showed careful training under their teacher.

A BARREL WAS ON TAP

When the Officer Appeared on the Scene.

REVELLING IN A DRUNKEN STATE

Beer Was as Free as Water and the Night Was Spent in Carousing, Brawling, Singing and Other Obnoxious Actions Not Calculated to Please Quiet Citizens.

The record of the police court for the past few days has been without precedent for any previous corresponding period of time since its inception as a corporate institution. Mayor Gilbert arrived home from Akron last night and gazed reflectively over the demoralized state that prevailed during his absence from the city, and again assuming the reins of government, mentally figured out how many fine fat perquisites that he was deprived of by not being present. It might not be inappropriate also to mention that the mayor was out of the city once before when an increase in business occurred, thus enabling his temporary successor to reap a harvest. But some consolation remains, as the treasury of the city is yet to be materially swelled as the fruits of the contaminating influences that filled the atmosphere on circus day.

This evening the following delegation, a number of them residents of the East End, will march in a body to the city hall and give an account of deeds done in the flesh on that eventful night: William Hamilton, David Speight, Ed Wilson, Ted Allison, James Allison, John Goddard, Thomas Putnam and William Cooley. These gentlemen are all hale fellows, well met, and on Tuesday evening last they tied themselves to a picturesque spot in the East End and there lingered long over a barrel of beer, the contents of which all partook freely. In due season they grew hilarious, and the calm tranquility state of the night air was redolent with drunken shouts and curses. Officer Meador invaded the sequestered nook, and taking the names of all present at the festive gathering, broke up the crowd, and tonight they will all appear before his honor and be arraigned.

Thomas Drabble has been arrested by Officer McMillan, on a charge sworn out by James Dixon. Arraignment has not yet taken place.

Four unfortunate yet remain in the jail.

Detective Meehan arrested two train jumpers at Steubenville yesterday, and they paid \$7.60 for their release.

A COLLISION.

A Pretty Maiden Was Placed in an Embarrassing Position.

She was pretty; jet black hair, laughing blue eyes, and a complexion that required not the use of rouges and cosmetics. She was out for a morning walk on Sixth street yesterday, with a number of companions, and carried an umbrella, which she wished had been left at home. Having occasion to raise the parasol, she pointed it toward a gentleman coming in the opposite direction, whom she did not see, with the result that he ran against the point with an "ugh." The maiden was much embarrassed, but with much difficulty begged the gentleman's pardon and passed on, saying to her companions: "I wonder if the reporters noticed that collision?" Of course they didn't.

ANOTHER KICK.

The Old Cemetery Heard From in a New Way.

People residing on Fifth street near the old cemetery are complaining about the place, and say that something should be done in a hurry. They, of course, deplore the fact that graves are sliding over the hill, and one man made the statement that his wife picked up a screw out of a coffin one day last week; but their principal kick is that people are daily coming to the old cemetery with small express wagons and hauling sod away for lawns. The habit is not confined to one person alone, but a great many people in the city, who want sod for their lawns, seem to think that the old cemetery is the place to get it, as no one will say anything, and that it saves money.

A COY COUPLE

Were Made One by Squire Manley Yesterday.

A young and bashful couple came down from Pittsburgh Thursday evening and proceeded to Squire Manley's residence, they requested him to unite them together in marriage the same evening. Although of a most oblig-

ing nature, the squire told them that he could not perform the ceremony until the consent of the probate judge was obtained. The pair left and returned yesterday. In the meantime a marriage license was procured and all obstacles being removed, the marriage was consummated, the names of the contracting parties being Mr. Edwin Catlett and Miss Mary M. Hess. The newly wedded couple returned to Pittsburgh after the ceremony was over.

A TORONTO PAPER

Thinks Bryan Should be Punished for the Accident.

The Toronto Tribune has the following comment in regard to the runaway on circus day:

"The driver, Ryan, claims somebody hit one of the horses with a stick, causing them to jump and run into the crowd before he could stop them. But it does not matter what started the horses—Ryan is to blame. He had no business there with his team to jeopardize the lives of men, women and children. He knew the parade was coming and had been warned to get his team off the street. A team of horses has no business to remain in the midst of a crowd of human beings at any time or place under such circumstances, Ryan is to blame, and should be punished—there are too many criminally careless drivers just like him."

A mistake is made in the name. It should read "Bryan" instead of "Ryan."

LADIES' AUXILIARY

Entertained at the Association Rooms Last Night.

The Ladies auxiliary entertained the workmen of the Union and McNicol potteries at the association rooms last night. There were more pottery employees present than ever, and all the numbers of the program were well received. Following is a program:

Duet, harmonica and piano..... Henry Ashbaugh and Hattie Ashbaugh Quartet..... Messrs. Harper and Swan Misses McLane and Laughlin. Duet, mandolin and guitar..... Messrs. Barlow and Quinn Recitation..... Miss Maggie Tracy Piano solo..... Miss Hattie Ashbaugh Select reading..... Secretary Morris Duet, mandolin and guitar..... Messrs. Barlow and Quinn

The next potteries entertained will be Vordrey's, Brunt's and the East Liverpool.

BROKE INTO THE SAFES.

Burglars Visit Four Places of Business in Lisbon.

Special to News Review.

LISBON, May 16.—Burglars were much in evidence here last night, and numerous business men entered their respective places this morning to find the doors of their safes wide open and the contents scattered over the floor. The safe in the office of the Pittsburg, Marion and Chicago railroad was blown open and a valuable package taken, the amount of which has not been made public, although the officials say it was very valuable. The safes at H. F. Burnett's feed store and Lisbon Lumber company's office were broken open, but the burglars got nothing for their pains. At Hunter & McCord's gristmill the money box was taken, containing a few dollars. There is not the slightest clue to the burglars.

PACKERS STRIKE.

Quit at the Union This Morning—Question of Price.

A small strike occurred at the Union pottery this morning, and Packer James Hargraves and his force of men quit work. The difficulty arose over a question of price for packing a car of ware. Hargraves wanted more than the firm wished to pay, and both parties refused to compromise. Hargraves was given two weeks' notice in which to hunt another situation. The latter said he would quit work at once, which he did. The vacancy was filled this afternoon.

Gone Elsewhere.

Yesterday, on the early morning train, R. E. Dittenhaver and wife left for the west, with the understanding that they will make their home in Toledo. The couple were lately wedded, and Mr. Dittenhaver had been engaged as drug clerk with Mr. Will Hamilton. Mr. Dittenhaver had quite a circle of acquaintances, who will hear with regret of his departure from our midst.

Will Cross the Water.

A number of former residents of old England, now living here, are contemplating a trip to their native heath during the coming summer months.

PUSHING THE PROJECT

The Library Committee Met Last Night.

REV. TAGGART GAVE HIS VIEWS

And Heartily Commended Trades Council on Their Grand Work—Sub-Committee Appointed to Wait on Manufacturers and Secure Necessary Quarters.

The library committee met last night in Trades council hall, and heard the reports of the sub-committees. All the reports were encouraging and showed flattering progress. The committee appointed to visit the various local unions stated that they had met with success on every hand, and that financial assistance had been tendered by each local called upon.

Rev. J. C. Taggart and Rev. John Lloyd Lee were present at the meeting, and both gentlemen complimented Trades council on the grand object they were so nobly working for. Reverend Lee said he had a similar library in view previous to Trades council taking hold of the matter, but decided to leave it in their hands when the announcement was made that that body would establish a reading room for the public. The reverend gentlemen could see nothing but lasting good that could come from the establishment of a place where workmen could pass the long evenings in profitable enjoyment.

A committee was appointed, composed of Messrs. Eardley, Brannon, Mumford, Hughes and McCuen, to wait on the manufacturers and endeavor to secure their aid, financially and otherwise, and it is thought will meet with the success that has marked the project throughout. The committee on rooms reported that they had a handsome room in view, and were instructed to secure it. A committee was appointed to purchase furniture, carpets and everything necessary for the comfort of the patrons.

The general committee will meet again tonight in Trades council hall to map out ways and means by which to canvass the business houses of the city.

A Small Fire.

Fire was discovered in the packing shed on Walnut street, of the D. E. McNicol Pottery company, a few minutes before 1 o'clock today. The blaze was noticed by girls who work in the decorating shop adjacent. An alarm was sent in and the paid department had their first run. The fire was extinguished by one of the sprinklers, little or no damage being sustained. This is the second time the pottery has taken fire within this week.

For the Star Chamber Member.

The Toronto Tribune has the following to say in regard to the proposed "Barn Stormer":

"A new paper for East Liverpool is one of the possibilities of the near future. It is said that Councilman George Ashbaugh is the prime mover in the cause to thus fill a 'long felt want'—and gobble the city printing."

Cattle Trample Gardens.

California hollow residents who are cultivating small gardens are complaining because of the number of cattle that are permitted to run at large in that part of the city. They say that their produce is trampled on, and destroyed by the roaming animals, and that they desire the authorities to give this matter attention.

To Issue an Execution.

John Wyman as deputy sheriff has been instructed by the court to issue an execution on the ferryboat this afternoon. Up until the hour of going to press the levy had not been made.

Nearing Completion.

The new block at the corner of Sixth and Franklin streets is rapidly nearing completion. It will add greatly to the business appearance of that portion of the city when it is finished.

A Big Business.

Knowles, Taylor & Anderson's sewer pipe works of the East End are experiencing a rush of orders, and consequently the employees are busily engaged in filling the demand for pipe.

Beautifying.

Messrs. Peach and Crosser, members of the Diamond pump committee, cut the grass in the park this morning and it now presents a handsome appearance.

MERCER'S FINE WORK

A COY COUPLE

Were Made One by Squire Manley Yesterday.

A young and bashful couple came down from Pittsburgh Thursday evening and proceeded to Squire Manley's residence, they requested him to unite them together in marriage the same evening. Although of a most oblig-

ing nature, the squire told them that he could not perform the ceremony until the consent of the probate judge was obtained. The pair left and returned yesterday. In the meantime a marriage license was procured and all obstacles being removed, the marriage was consummated, the names of the contracting parties being Mr. Edwin Catlett and Miss Mary M. Hess. The newly wedded couple returned to Pittsburgh after the ceremony was over.

A TORONTO PAPER

Thinks Bryan Should be Punished for the Accident.

The Toronto Tribune has the following comment in regard to the runaway on circus day:

"The driver, Ryan, claims somebody hit one of the horses with a stick, causing them to jump and run into the crowd before he could stop them. But it does not matter what started the horses—Ryan is to blame. He had no business there with his team to jeopardize the lives of men, women and children. He knew the parade was coming and had been warned to get his team off the street. A team of horses has no business to remain in the midst of a crowd of human beings at any time or place under such circumstances. Ryan is to blame, and should be punished—there are too many criminally careless drivers just like him."

A mistake is made in the name. It should read "Bryan" instead of "Ryan."

BROKE INTO THE SAFES.

Burglars Visit Four Places of Business in Lisbon.

Special to NEWS REVIEW.

LISBON, May 16.—Burglars were much in evidence here last night, and numerous business men entered their respective places this morning to find the doors of their safes wide open and the contents scattered over the floor. The safe in the office of the Pittsburg, Marion and Chicago railroad was blown open and a valuable package taken, the amount of which has not been made public, although the officials say it was very valuable. The safes at H. E. Burnett's feed store and Lisbon Lumber company's office were broken open, but the burglars got nothing for their pains. At Hunter & McCord's gristmill the money box was taken, containing a few dollars. There is not the slightest clue to the burglars.

PACKERS STRIKE.

Quit at the Union This Morning—Question of Price.

A small strike occurred at the Union pottery this morning, and Packer James Hargraves and his force of men quit work. The difficulty arose over a question of price for packing a car of ware. Hargraves wanted more than the firm wished to pay, and both parties refused to compromise. Hargraves was given two weeks' notice in which to hunt another situation. The latter said he would quit work at once, which he did. The vacancy was filled this afternoon.

Gone Elsewhere.

Yesterday, on the early morning train, R. E. Dittenhaver and wife left for the west, with the understanding that they will make their home in Toledo. The couple were lately wedded, and Mr. Dittenhaver had been engaged as drug clerk with Mr. Will Hamilton. Mr. Dittenhaver had quite a circle of acquaintances, who will hear with regret of his departure from our midst.

Will Cross the Water.

A number of former residents of old England, now living here, are contemplating a trip to their native heath during the coming summer months.

PUSHING THE PROJECT

The Library Committee Met Last Night.

REV. TAGGART GAVE HIS VIEWS

And Heartily Commended Trades Council on Their Grand Work—Sub-Committees Appointed to Wait on Manufacturers and Secure Necessary Quarters.

The library committee met last night in Trades council hall, and heard the reports of the sub-committees. All the reports were encouraging and showed flattering progress. The committee appointed to visit the various local unions stated that they had met with success on every hand, and that financial assistance had been tendered by each local called upon.

Rev. J. C. Taggart and Rev. John Lloyd Lee were present at the meeting, and both gentlemen complimented Trades council on the grand object they were so nobly working for. Reverend Lee said he had a similar library in view previous to Trades council taking hold of the matter, but decided to leave it in their hands when the announcement was made that that body would establish a reading room for the public. The reverend gentlemen could see nothing but lasting good that could come from the establishment of a place where workmen could pass the long evenings in profitable enjoyment.

A committee was appointed, composed of Messrs. Eardley, Brannon, Mumford, Hughes and McCuen, to wait on the manufacturers and endeavor to secure their aid, financially and otherwise, and it is thought will meet with the success that has marked the project throughout. The committee on rooms reported that they had a handsome room in view, and were instructed to secure it. A committee was appointed to purchase furniture, carpets and everything necessary for the comfort of the patrons.

The general committee will meet again tonight in Trades council hall to map out ways and means by which to canvass the business houses of the city.

A Small Fire.

Fire was discovered in the packing shed on Walnut street, of the D. E. McNicol Pottery company, a few minutes before 1 o'clock today. The blaze was noticed by girls who work in the decorating shop adjacent. An alarm was sent in and the paid department had their first run. The fire was extinguished by one of the sprinklers, little or no damage being sustained. This is the second time the pottery has taken fire within this week.

For the Star Chamber Member.

The Toronto Tribune has the following to say in regard to the proposed "Barn Stormer":

"A new paper for East Liverpool is one of the possibilities of the near future. It is said that Councilman George Ashbaugh is the prime mover in the cause to thus fill a 'long felt want'—and gobble the city printing."

Cattle Trample Gardens.

California hollow residents who are cultivating small gardens are complaining because of the number of cattle that are permitted to run at large in that part of the city. They say that their produce is trampled on and destroyed by the roaming animals, and that they desire the authorities to give this matter attention.

To Issue an Execution.

John Wyman as deputy sheriff has been instructed by the court to issue an execution on the ferryboat this afternoon. Up until the hour of going to press the levy had not been made.

Nearing Completion.

The new block at the corner of Sixth and Franklin streets is rapidly nearing completion. It will add greatly to the business appearance of that portion of the city when it is finished.

A Big Business.

Knowles, Taylor & Anderson's sewer pipe works of the East End are experiencing a rush of orders, and consequently the employees are busily engaged in filling the demand for pipe.

Beautifying.

Messrs. Peach and Cresser, members of the Diamond pump committee, cut the grass in the park this morning and it now presents a handsome appearance.

WILLIAM MCKINLEY,
OF Ohio.

WHAT'S IN A NAME.
It has been suggested that the star chamber member's "good" paper be called "The Barn Stormer," or "The Type of Other Days."

POTTERY ENTERTAINMENTS.
The entertainments given at the Young Men's Christian association, under the auspices of the Ladies' auxiliary, to the employees of the various potteries, are well attended and are attracting much favorable comment. Let the good work go on. God will bless the ladies in their efforts.

THE ARMENIAN.
Rev. John Karagiozian, the Armenian missionary, will occupy the pulpit of the Methodist Protestant church, Reverend Whitehead, pastor, tomorrow night. The reverend gentleman is fully posted respecting Armenia and the cruelties of the Turks, and he will describe the same in a manner which will be intensely interesting. Don't fail to hear him. His wife and children are now in Armenia and he is very anxious to bring them over to Uncle Samuel's domain.

TRADES COUNCIL.
The movement of Trades council respecting the establishment of a public library is a good measure and should be encouraged by action as well as talk. Reverends Lee and Taggart believe in pushing the cause, and their example will no doubt be followed by other business and professional men. The library will be conducted on strictly business principles, and should result in great good, especially to the men and women who are employed in our industrial establishments. Help the cause along.

SWEET CHARITY.
Mention was made yesterday of a "Dollar Fund," voluntarily subscriptions to the family of Wm. Hayes, whose wife was fatally injured on the day the circus was here. You who have been blessed by the Master can leave your money at the News Review, and it will be handed to N. G. Macrum, of the First National Bank. Nine persons had subscribed to the fund by 9:45 this morning. Help this sadly afflicted family. The money raised in this manner will be expended to the very best advantage. Investors may find the truth of the adage that "It is more blessed to give than to receive."

YOUR OWN CITY.
Talk up your own city of East Liverpool. She is in line for years of prosperity. The handwriting is on the wall. This is the belief of men who study the trend of events carefully. The man who is at present engaged in business, and is merely holding his own, is sure to make a pleasing success during the next few years, if he attends to that business in a careful and intelligent manner. Don't be a Jonah. If matters are a little slow at present with you, don't go around with a long face and shiftless mien; don't grumble at everything and everybody; get a smile on your countenance; look for the silver lining; don't despair, even if there are men in your midst who advocate star chamber sessions of council; the solons won't hang you on sight, but will give you a chance for life and property, no matter what the new and unsophisticated member does; keep a stiff upper lip; talk of the improvements that are to be made on account of the bridge; talk of the new railroad which is sure to come into our bustling city; talk of the magnificent pottery ware which is being turned out in East Liverpool; the admiration of the whole country; talk of the coming days of prosperity; kill the man who dares to growl; talk up your city. Selah.

A Police Captain Not Cautious.
NEW YORK, May 16.—Police Captain Killian, who has been on trial the last two days on the charge of accepting a gratuity, has been found not guilty.

DEFI FROM MILLER.

Not In the "Anything to Beat McKinley" Game.

DON'T FEAR HIS MONEY ATTITUDE.

The Ex-Senator Will Support Morton According to Instructions—McKinley His Second Choice—Not a Candidate For Second Place.

NEW YORK, May 16.—The World this morning prints a signed statement by Hon. Warner Miller, in which he says:

"I returned from a trip to the Adirondacks this morning and find that some of Governor Morton's friends are excited over the fact that some papers have mentioned myself as a candidate for vice president on the ticket with McKinley and also that the old and discarded story that I had visited Mr. Hanna and made arrangements with him, has been revived."

Mr. Miller then says he has not seen Hanna since last June, is not a candidate for the vice presidential nomination and will support Morton for the presidency according to the instructions of the state convention, but, says he, "I want the Republicans of the state of New York to understand that I am not taking any part in any canvass which has for its sole object the proposition 'anything to beat McKinley.'"

"From my correspondence and connection with the Republicans of the interior of the state I believe that a vast majority of them, after and second to Governor Morton's candidacy, prefer the nomination of McKinley."

"I shall attempt to carry out the wishes of the Republicans of the state of New York, and if the occasion shall ever arise in the convention my second choice will be for McKinley; I have known William McKinley for nearly 20 years. I know him to be an honest, straightforward, conscientious and able man. He has had large experience in public affairs and would not doubt fill the exalted position of president of the United States with credit to himself and honor to his party."

"I have no doubt that the St. Louis convention will adopt a gold standard platform, without any equivocations or straddles in it, and whoever will be the candidate for president—whether Governor Morton, Mr. Allison, Mr. Reed or Mr. McKinley—he will stand unhesitatingly upon the platform adopted, representing the sentiments and wishes of the Republicans of the United States."

"I am a business man myself and deeply interested in the questions of the currency and tariff, and shall never give my support at St. Louis to any platform which is not right upon these two questions, nor my support to any candidate regarding whose fidelity to these principles I have the slightest doubt."

GROSVENOR'S STRONG DENIAL.

Neither McKinley or His Managers Have Consulted With A. P. A.

WASHINGTON, May 16.—General Grosvenor, of Ohio, who it was said, had sent to Judge Stevens and the A. P. A. certain charges against him and taken other action in connection with the pending McKinley matter before the A. P. A., denies it emphatically in a letter to Mr. Hanna or Governor McKinley or anybody else had telegraphed to him or taken any action whatever in connection with the A. P. A.

It is stated upon what appears to be good authority that the A. P. A. advisory board had before it two persons who had been sent to Ohio and seen McKinley, and that they had received "satisfactory answers to questions propounded to him."

It was reported upon seemingly good authority that the board will report that the executive committee had been misled by the evidence which it used as a basis of the blacklisting of McKinley, evidence found on investigation to be unreliable and untrustworthy and that it would further recommend that the order should not endorse or condemn any candidate for presidential honors.

MCKINLEY AND FREE SILVER.

The Wyoming Republican Convention Endorse Both—Delegates Named.

SHERIDAN, Wyo., May 16.—McKinley and free silver were declared inseparable political twins by the Republican state convention. The Wyoming delegation to St. Louis is composed of William Vandeventer, H. B. Brooks, B. F. Fowler, Otto Graman, J. C. Davis and C. C. Hamlin. The delegates were instructed to support Chairman Vandeventer for a place on the national committee and William McKinley for president. The financial plank in full is as follows:

We reaffirm allegiance to the principles of bimetalism as enunciated in the Republican state platform adopted at Casper in 1894; we commend the record of our senators and representatives in congress in maintaining these principles and we instruct our delegates to the St. Louis convention to take like action when the financial plank of the platform of the convention is being made.

The Democratic Apportionment Stands.
INDIANAPOLIS, May 16.—The supreme court has reversed the legislative apportionment act. The decision leaves the law in force the one enacted by a Democratic legislature in 1885, and a election of members to the legislature next November will be held under it. The question of a gerrymander being the law in force was not entered into by the court.

A Democratic Convention Day.

NEW YORK, May 16.—The Democratic state central committee has elected Saratoga as the place and June 24 as the date for holding the state convention to elect delegates-at-large to the national convention at Chicago.

North Carolina For McKinley.

RALEIGH, N. C., May 16.—The Republican state convention endorsed McKinley for president without a dissenting vote.

Cholera at Marselles.
LONDON, May 16.—A special dispatch from Marselles says that several deaths from cholera have occurred there.

JUMPED THROUGH A TRANSOM.

This Red Lake Claimant Was Ejected, but Filed First Anyway.

CROOKSTON, Minn., May 16.—The first claimant who entered the United States land office here with intent to file on Red Lake lands, came through the transom of the door. As his feet struck the floor, he held his papers aloft, and said: "Nine o'clock, gentlemen, I am the first man."

His name, however, was not Adam. It proved to be Dennis. The clerk showed that he was two minutes too previous, and he was promptly ejected. He entered, however, with the first four admitted, and his name was the earliest recorded. It is L. D. McCall. He has remained in line for four days. Mrs. Jennie Cunningham was No. 2. But one effort was made to break in ahead and the offender was refused and he went to the foot of the line. There were four women in line.

The excellent police regulations prevented any serious disturbance. Fully 2,000 people were present, either as claimants or through curiosity. The line was two blocks long and contained not less than 400.

HELP THE POOR ARMENIANS.

A Book For Sale Written by William Willard Howard.

NEW YORK, May 16.—The Armenian Relief association of this city has instituted a movement to raise a rescue fund for the aid of victims of Turkish oppression in Armenia. As one means to this end the association has put on sale a small book written by William Willard Howard, who has just returned from his second trip to Asia Minor in connection with the Armenian question. "Horrors of Armenia; the Story of an Eye Witness," is the title of the book, the price being 10 c. The book submitted to the parliament of Great Britain last February affords ample verification of many of the statements contained in the book, which without it would seem incredible.

Subscriptions to the rescue fund may be sent to Charles H. Stout, Esq., treasurer of the Armenian Relief association, National Bank of the Republic, Wall street, New York city, who is the only person authorized to receive contributions to the Armenian rescue fund.

WEYLER WANTS THE CORN.

A Sharp Trick He Is Trying to Play on the Cubans.

HAVANA, May 16.—Captain General Weyler has issued a proclamation giving the country people 20 days in which to deposit in the various government centers all the corn procurable in the provinces of Pinar del Rio, Havana and Matanzas. The owners of the corn must carry or transport it to the villages nearest to which are detachments of Spanish troops.

If the country people are unable to transport the corn themselves they will be furnished with the necessary vehicles and the military authorities at the collecting centers have been authorized to purchase the corn at market prices or receive it on deposit. At the expiration of the 20 days all corn not deposited or so purchased by the military authorities will be considered contraband of war and the owners of it will be punished as criminals.

A Carbuilders' Strike.

HUNTINGTON, W. Va., May 16.—The wages of the carbuilders employed by the Ensinger Manufacturing company have been cut \$1 on the car, and as a result 200 carpenters struck. They say they will not allow non-union men to fill their places.

NEARLY 100 ARE DEAD

Appalling Death List From a Texas Cyclone.

SHERMAN AND OTHER TOWNS HIT.

Many Likely to Die From Their Injuries, While Others Were Severely Wounded. Property Destroyed in the Storm's Path—Some of the Killed.

SHERMAN, Tex., May 16.—A cyclone not exceeding two blocks in width, but carrying widespread destruction and death in its wake, has swept through the western half of the city, traveling almost directly north. About 40 people were killed in this city.

It is also reported that 40 people have been killed south of town in addition to the city's death list. Wagons are unloading the dead and injured every moment. A score or more may die of their injuries.

Besides a number of negroes these white people are among the killed:

Mrs. Otto Baldinger and two children, Mrs. I. L. Burns and two children, John Ames and wife and two children, Rev. J. S. Shearer, Mrs. Luke Montgomery and two children and another missing, William Hamilton, farmer, Mrs. George Anderson and infant daughter, May Belle Jenkins, D. L. Pierce and son Tom 14, aged, Mrs. Dave Herring and two small children, an unknown lady and two little white children.

HOWE, Tex.—The path of the cyclone at this point was a quarter of a mile wide. Ten farm houses and as many barns were wrecked. Eight persons were killed outright and many injured.

DENTON, Tex.—Four persons were killed and five others so badly injured they cannot live at Gribble Springs. The property damage is great.

JUSTIN, Tex.—Twelve houses were blown down here, killing one man named W. J. Evans of Keller, Tex., and badly injuring 17 others. The cyclone did much damage north of here.

NEWTON, Tex.—Six persons were injured, one of them fatally, near Mound Ridge, 12 miles north of here. A stretch of country about eight miles in length and 100 yards in width was devastated.

SPAIN'S PROMISED REFORMS.

Olney and the Spanish Minister Have Them Under Discussion.

WASHINGTON, May 16.—The Spanish minister here has acquainted Secretary Olney with the tenor of the reforms which the Spanish government proposes to make in the administration of affairs in Cuba, and the subject has been earnestly discussed between them. The minister states that liberal as were the measures of reform held out to the Cubans in the act of the cortes of March, 1895, which were prevented from going into operation, as he contends, solely by reason of the actions of the separatists, they are surpassed in generosity by the terms of the new act to which the queen regent alluded in her speech from the throne at the recent opening of the sessions of the cortes.

In the Spanish view Cuba, under the operation of the terms of this act, would enjoy a measure of autonomy comparable to that enjoyed by the Dominion of Canada. The principal obstacle to the immediate application of these reforms to the island lies in the indisposition of the Spanish government to be placed in the position of being obliged by the rebels to make concessions, but there is reason to believe that this point may be yielded, and the measure applied shortly if it can be shown, perhaps through the good offices of the United States, that the Spanish government may do this without the least reflection upon the honor of the nation.

In the advancement of medical science, the kidneys, being almost the organs of the greatest importance to human health, have not been neglected, and in placing before you such a cure as Doan's Kidney Pills, the proprietors recognize how far so many statements of the makers of similar preparations have fallen short of their claims, being convinced that no remedy for kidney complaints in existence equals Doan's Kidney Pills for such ailments; strengthened in these convictions by letters that are daily received of the work they are doing for mankind's benefit, old backs and young backs are being constantly freed from never ceasing aches, and many a lame and shattered one, stooped and contracted, is strengthened, invigorated and infused with new life. With such a medicine, an offer of this kind can be made without hesitancy, for while we lose the box we give you, we make a friend that assists us in the sale of many others.

CUPID AND PSYCHE

To cure nervousness, lack of self-control, depression, etc.
To exchange a faded and worn nature for one of brightness, buoyancy and power.
To cure forever effects of excesses, overwork, worry, etc.

To give full strength, development and tone to every portion and organ of the body. Age no barrier. Failure impossible. Two thousand references.

The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.

A despairing man, who had applied to us, soon after wrote:

"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday, and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"

EAST LIVERPOOL, O., SATURDAY, MAY 16

For President, WILLIAM MCKINLEY, Of Ohio.

WHAT'S IN A NAME.

It has been suggested that the star chamber member's "good" paper be called "The Barn Stormer," or "The Type of Other Days."

POTTERY ENTERTAINMENTS.

The entertainments given at the Young Men's Christian association, under the auspices of the Ladies' auxiliary, to the employees of the various potteries, are well attended and are attracting much favorable comment. Let the good work go on. God will bless the ladies in their efforts.

THE ARMENIAN

Rev. John Karagiozian, the Armenian missionary, will occupy the pulpit of the Methodist Protestant church, Reverend Whitehead, pastor, tomorrow night. The reverend gentleman is fully posted respecting Armenia and the cruelties of the Turks, and he will describe the same in a manner which will be intensely interesting. Don't fail to hear him. His wife and children are now in Armenia and he is very anxious to bring them over to Uncle Samuel's domain.

TRADES COUNCIL.

The movement of Trades council respecting the establishment of a public library is a good measure and should be encouraged by action as well as talk. Reverends Lee and Taggart believe in pushing the cause, and their example will no doubt be followed by other business and professional men. The library will be conducted on strictly business principles, and should result in great good, especially to the men and women who are employed in our industrial establishments. Help the cause along.

SWEET CHARITY.

Mention was made yesterday of a "Dollar Fund," voluntarily subscriptions to the family of Wm. Hayes, whose wife was fatally injured on the day the circus was here. You who have been blessed by the Master can leave your money at the News Review, and it will be handed to N. G. Macrum, of the First National Bank. Nine persons had subscribed to the fund by 9:45 this morning. Help this sadly afflicted family. The money raised in this manner will be expended to the very best advantage. Investors may find the truth of the adage that "it is more blessed to give than to receive."

YOUR OWN CITY.

Talk up your own city of East Liverpool. She is in line for years of prosperity. The handwriting is on the wall. This is the belief of men who study the trend of events carefully. The man who is at present engaged in business, and is merely holding his own, is sure to make a pleasing success during the next few years. If he attends to that business in a careful and intelligent manner. Don't be a Jonah. If matters are a little slow at present with you, don't go around with a long face and shiftless mien; don't grumble at everything and everybody; get a smile on your countenance; look for the silver lining; don't despair, even if there are men in your midst who advocate star chamber sessions of council; the solons won't hang you on sight, but will give you a chance for life and property, no matter what the new and unsophisticated member does; keep a stiff upper lip; talk of the improvements that are to be made on account of the bridge; talk of the new railroad which is sure to come into our bustling city; talk of the magnificent pottery ware which is being turned out in East Liverpool; the admiration of the whole country; talk of the coming days of prosperity; kill the man who dares to growl; talk up your city. Selah.

A Police Captain Not Cully.

NEW YORK, May 16.—Police Captain Killian, who has been on trial the last two days on the charge of accepting a gratuity, has been found not guilty.

DEFI FROM MILLER.

Not in the "Anything to Beat McKinley" Game.

DON'T FEAR HIS MONEY ATTITUDE.

The Ex-Senator Will Support Morton According to Instructions—McKinley His Second Choice—Not a Candidate For Second Place.

NEW YORK, May 16.—The World this morning prints a signed statement by Hon. Warner Miller, in which he says:

"I returned from a trip to the Adirondacks this morning and find that some of Governor Morton's friends are excited over the fact that some papers have mentioned myself as a candidate for vice president on the ticket with McKinley and also that the old and discarded story that I had visited Mr. Hanna and made arrangements with him, has been revived."

Mr. Miller then says he has not seen Hanna since last June, is not a candidate for the vice presidential nomination and will support Morton for the presidency according to the instructions of the state convention; but, says he, "I want the Republicans of the state of New York to understand that I am not taking any part in any canvass which has for its sole object the proposition 'anything to beat McKinley.'"

"From my correspondence and connection with the Republicans of the interior of the state I believe that a vast majority of them, after and second to Governor Morton's candidacy, prefer the nomination of McKinley."

"I shall attempt to carry out the wishes of the Republicans of the state of New York, and if the occasion shall ever arise in the convention my second choice will be for McKinley. I have known William McKinley for nearly 20 years. I know him to be an honest, straightforward, conscientious and able man. He has had large experience in public affairs and would not doubt fill the exalted position of president of the United States with credit to himself and honor to his party."

"I have no doubt that the St. Louis convention will adopt a gold standard platform, without any equivocations or straddles in it, and whoever will be the candidate for president—whether Governor Morton, Mr. Allison, Mr. Reed or Mr. McKinley—he will stand unhesitatingly upon the platform adopted, representing the sentiments and wishes of the Republicans of the United States."

"I am a business man myself and deeply interested in the questions of the currency and tariff, and shall never give my support at St. Louis to any platform which is not right upon these two questions, nor my support to any candidate regarding whose fidelity to these principles I have the slightest doubt."

GROSVENOR'S STRONG DENIAL.

Neither McKinley or His Managers Have Consulted With A. P. A.

WASHINGTON, May 16.—General Grosvenor of Ohio, who it was said, had sent to Judge Stevens and the A. P. A. certain charges against him and taken other action in connection with the pending McKinley matter before the A. P. A., denies it emphatically in a letter to The Post of this city. He denies that Mr. Hanna or Governor McKinley or anybody else had telegraphed to him or taken any action whatever in connection with the A. P. A.

It is stated upon what appears to be good authority that the A. P. A. advisory board has before it two persons who had been sent to Ohio and seen McKinley, and that they had received "satisfactory answers to questions propounded to him."

It was reported upon seemingly good authority that the board will report that the executive committee had been misled by the evidence which it used as a basis of the blacklisting of McKinley, evidence found on investigation to be unreliable and untrustworthy and that it would further recommend that the order should not endorse or condemn any candidate for presidential honors.

MCKINLEY AND FREE SILVER.

The Wyoming Republican Convention Endorse Both—Delegates Named.

SHERIDAN, Wyo., May 16.—McKinley and free silver were declared inseparable political twins by the Republican state convention. The Wyoming delegation to St. Louis is composed of William Vandeventer, H. B. Brooks, B. F. Fowler, Otto Gramm, J. C. Davis and C. O. Hamlin. The delegates were instructed to support Chairman Vandeventer for a place on the national committee and William McKinley for president. The financial plank in full is as follows:

We reaffirm allegiance to the principles of bimetalism as enunciated in the Republican state platform adopted at Casper in 1894; we commend the record of our senators and representatives in congress in maintaining these principles and we instruct our delegates to the St. Louis convention to take like action when the financial plank of the platform of the convention is being made.

The Democratic Apportionment Stands.

INDIANAPOLIS, May 16.—The supreme court has reversed the legislative apportionment act. The decision leaves the law in force. The one enacted by a Democratic legislature in 1885, and the election of members to the legislature next November will be held under it. The question of a gerrymander being the law in force was not entered into by the court.

A Democratic Convention Day.

NEW YORK, May 16.—The Democratic state central committee has elected Saratoga as the place and June 24 as the date for holding the state convention to elect delegates-at-large to the national convention at Chicago.

North Carolina For McKinley.

RALEIGH, N. C., May 16.—The Republican state convention endorsed McKinley for president without a dissenting vote.

Cholera at Marselles.

LONDON, May 16.—A special dispatch from Marselles says that several deaths from cholera have occurred there.

JUMPED THROUGH A TRANOM.

This Red Lake Claimant Was Ejected, but Fled First Anyway.

CROOKSTON, Minn., May 16.—The first claimant who entered the United States land office with intent to file on Red Lake lands, came through the transom of the door. As his feet struck the floor, he held his papers aloft, and said: "Nine o'clock, gentlemen, I am the first man."

His name, however, was not Adam. It proved to be Dennis. The clerk showed that he was two minutes too previous, and he was promptly ejected. He entered, however, with the first four admitted, and his name was the earliest recorded. It is L. D. McCall. He has remained in line for four days. Mrs. Jennie Cunningham was No. 2. But one effort was made to break in ahead and the offender was refused and he went to the foot of the line. There were four women in line.

The excellent police regulations prevented any serious disturbance. Fully 2,000 people were present, either as claimants or through curiosity. The line was two blocks long and contained not less than 400.

HELP THE POOR ARMENIANS.

A Book For Sale Written by William Willard Howard.

NEW YORK, May 16.—The Armenian Relief association of this city has initiated a movement to raise a rescue fund for the aid of victims of Turkish oppression in Armenia. As one means to this end the association has put on sale a small book written by William Willard Howard, who has just returned from his second trip to Asia Minor in connection with the Armenian question. "Horror of Armenia: the Story of an Eye Witness," is the title of the book, the price being 10 c. The blue book submitted to the parliament of Great Britain last February affords ample verification of many of the statements contained in the book, which without it would seem incredible.

Subscriptions to the rescue fund may be sent to Charles H. Stout, Esq., treasurer of the Armenian Relief association, National Bank of the Republic, Wall street, New York city, who is the only person authorized to receive contributions to the Armenian rescue fund.

WEYLER WANTS THE CORN.

A Sharp Trick He Is Trying to Play on the Cubans.

HAVANA, May 16.—Captain General Weyler has issued a proclamation giving the country people 20 days in which to deposit in the various government centers all the corn procurable in the provinces of Pinar del Rio, Havana and Matanzas. The owners of the corn must carry or transport it to the villages nearest to which are detachments of Spanish troops.

If the country people are unable to transport the corn themselves they will be furnished with the necessary vehicles and the military authorities at the collecting centers have been authorized to purchase the corn at market prices or receive it on deposit. At the expiration of the 20 days all corn not deposited or so purchased by the military authorities will be considered contraband of war and the owners of it will be punished as criminals.

A Carbuilders' Strike.

HUNTINGTON, W. Va., May 16.—The wages of the carbuilders employed by the Esplan Manufacturing company have been cut \$1 on the car, and as a result 200 carpenters struck. They say they will not allow non-union men to fill their places.

NEARLY 100 ARE DEAD

Appalling Death List From a Texas Cyclone.

SHERMAN AND OTHER TOWNS HIT.

Many Likely to Die From Their Injuries, While Others Were Severely Wounded. Property Destroyed in the Storm's Path—Some of the Killed.

SHERMAN, Tex., May 16.—A cyclone not exceeding two blocks in width, but carrying widespread destruction and death in its wake, has swept through the western half of the city, traveling almost directly north. About 40 people were killed in this city.

It is also reported that 40 people have been killed south of town in addition to the city's death list. Wagons are unloading the dead and injured every moment. A score or more may die of their injuries.

Besides a number of negroes these white people are among the killed:

Mrs. Otto Baldinger and two children, Mrs. I. L. Burns and two children, John Ames and wife and two children, Rev. J. S. Shearer, Mrs. Lake Montgomery and two children and another missing, William Hamilton, farmer, Mrs. George Anderson and infant daughter, May Belle Jenkins, D. L. Pierce and son Tom 14, aged, Mrs. Dave Herring and two small children, an unknown lady and two little white children.

Howe, Tex.—The path of the cyclone at this point was a quarter of a mile wide. Ten farm houses and as many barns were wrecked. Eight persons were killed outright and many injured.

Denton, Tex.—Four persons were killed and five others so badly injured they cannot live at Gribble Springs. The property damage is great.

Justin, Tex.—Twelve houses were blown down here, killing one man named W. J. Evans of Keller, Tex., and badly injuring 17 others. The cyclone did much damage north of here.

Newton, Tex.—Six persons were injured, one of them fatally, near Mound Ridge, 12 miles north of here. A stretch of country about eight miles in length and 100 yards in width was devastated.

SPAIN'S PROMISED REFORMS.

Oney and the Spanish Minister Have Them Under Discussion.

WASHINGTON, May 16.—The Spanish minister here has acquainted Secretary Oney with the tenor of the reforms which the Spanish government proposes to make in the administration of affairs in Cuba, and the subject has been earnestly discussed between them. The minister states that liberal as were the measures of reform held out to the Cubans in the act of the cortes of March, 1895, which were prevented from going into operation, as he contends, solely by reason of the actions of the separatists, they are surpassed in generosity by the terms of the new act to which the queen regent alluded in her speech from the throne at the recent opening of the sessions of the cortes.

In the Spanish view Cuba, under the operation of the terms of this act, would enjoy a measure of autonomy comparable to that enjoyed by the Dominion of Canada. The principal obstacle to the immediate application of these reforms to the island lies in the disposition of the Spanish government to be placed in the position of being obliged by fear of the rebels to make these concessions, but there is reason to believe that this point may be yielded, and the measure applied shortly if it can be shown, perhaps through the good offices of the United States, that the Spanish government may do this without the least reflection upon the honor of the nation.

LOOK OUT FOR BUTZ.

Likely to Be One of the New
M. E. Bishops.

McABE'S AND BOWEN'S CHANCES.

A Delegate Predicts That These Two
Have Reached the Limit of Their
Strength—Colored Man Led on the
First and McCabe on Second Ballot.

CLEVELAND, May 16.—The only talk heard among the delegates to the M. E. conference is in the way of speculation upon the result of the third or secret ballot for the two new bishops. A delegate, who said he had received his information direct from one of the tellers, gave the following figures to our representative: McCabe, 234; Cranston, 203; Hamilton, 153; Bowen, 179; Butz, 113. This same delegate advanced the opinion that McCabe and Bowen had reached the limit of their strength, and that there was a great deal of quiet talk among the more conservative members of the conference of transferring their support to Mr. Butz, a very quiet, dignified, scholarly man.

The first ballot for bishop resulted in no choice. There were 50 candidates. The vote was as follows: C. W. E. Bowen (colored), 147; J. C. McCabe, 141; Earl Cranston, 115; J. W. Hamilton, 107; Dr. Buckley, 72.

In addition to the leading candidates votes were received by others as follows: T. B. Neely, 47; C. W. Smith, 41; H. Day, 35; S. F. Upham, 34; J. C. Hartzell, 34; J. F. Goucher, 27; J. M. Buckley, 28; W. A. Spencer, 27; F. L. Negler, 25; J. F. Henry, 22; W. N. Brobeck, 18; E. Reed and G. J. Little, 12 each; H. A. Gobin, 10; W. V. Kelly, 9; H. H. Moore, Emory Miller, 7 each; J. Anderson and J. W. Bashford, 7 each; W. B. Leonard, 5; F. M. Bristol, 4; C. H. Payne, M. B. Mason and A. J. Palmer, 3 each; R. I. Cooke, H. G. Jackson and Merritt Hurlburt, 2 each; J. M. King, A. J. Merchant, E. A. Schell, W. F. King, D. C. Huntington, C. J. North, W. A. Quayle, John Mitchell, Robert Forbes, F. F. Jewell, Robert Bentley, D. F. Pierce and J. B. Graw, 1 each.

The second ballot resulted in no choice. McCabe led and Bowen fell somewhat behind. Following is the vote on the first five names: C. C. McCabe, 218; J. W. E. Bowen, 175; Earl Cranston, 164; J. W. Hamilton, 145; Dr. Butz, 96. Necessary to a choice, 343.

While the voting was in progress the conference managed to transact a little business.

Dr. Swindell presented a resolution requesting congress to pass a law prohibiting the sale of intoxicating liquors in any building under the control of the general government. This was aimed at the emigrant building on Ellis Island, in United States army posts, and it was adopted.

Dr. J. N. Fradenburgh of Erie conference presented a resolution which requested that as doubt exists regarding the constitutionality of the restrictions of popular amusements, the committee on judiciary should be requested to present a report on that point. The resolution was adopted.

The memorial services were also held. Bishop Fitzgerald called Bishop Bowman to the chair, saying it was eminently fitting that the senior bishop should preside, and the act was greeted with great applause. After the singing of a hymn Dr. Forbes of Detroit read a portion of Scriptures and W. B. Kelly offered prayer. The first memorial read was by Dr. W. F. Whitlock on the late Dr. J. W. Mendenhall. A second memorial was read by Dr. George Reed on the late Dr. J. R. Peck. Both papers were masterly productions, and held the closest attention of the audience.

There was a lively debate bordering on the acrimonious at the meeting of the committee on state of the church. A report upon sociological work, written by Rev. Dr. William A. Quayle of Kansas City, was presented, to be the voice of the church on the subject. It was long and a wide departure from the usual formal report. It called forth some decided criticism and was defended by Dr. Quayle. After a long discussion it was returned to the subcommittee for revision.

The committee took up the suggestion that the term of probation be shortened, but the committee decided in favor of retaining the present term of six months. A sub-committee was instructed to prepare a ritual form to be used in the admission of probationers to full church membership.

The committee on itinerary considered another measure calculated to lessen the authority of the bishops. It was that the consent of the cabinet of presiding elders be had before a bishop can transfer a minister from one conference to another. The committee declined to recommend the change.

M'KINLEY IN CLEVELAND.

He Will Address the Methodist Conference Tonight—An A. P. A. Rumor.

CLEVELAND, May 16.—Major McKinley is in the city. This evening he will deliver an address to the delegates of the M. E. conference.

Concerning a report to the effect that he came here to confer with a committee from the A. P. But no conference has been arranged and I have not been notified of the coming of any committee from Washington."

M. P. Quadrennial Conference.

KANSAS CITY, May 16.—The quadrennial meeting of the general conference of the Methodist Protestant church opened here this morning for a nine days' meeting.

Burned a Lot of Property.

Waltham, Mass., May 16.—William T. Reid, 18 years old, and William H. Daley, aged 20, both residing in Cambridge, who acknowledged that they were the perpetrators of many incendiary fires which have recently occurred in Waltham, Newton, Cambridge, Somerville and other places, have been arraigned in the district court here.

The charges of incendiaryism against the boys refer to the destruction of property valued at more than \$1,500,000.

Business Waits on Crop Prospects and the Conventions.

NEW YORK, May 16.—R. G. Dun & Co.'s weekly Review of Trade, issued today, says: It is the now middle of May too late for change materially until the prospects of coming crops are assured and definite shape has been given to the presidential contest by the conventions. Until the future is more clear there is a prudent disinclination to produce much beyond orders, or to order beyond immediate or certain needs. If this waiting spirit prevails two months longer it will crowd into the last half of the year an enormous business if the outlook is then good. For the present there is less business on the whole than a year ago, though in some branches more, and the delay following months of depression is to many trying, and causes numerous failures.

Wheat is unchanged in spite of all rumors and the Atlantic exports, flour included, which were last year greater than western receipts, for two weeks, 3,059,484 bushels, against 2,917,305 bushels received, have this year been only half as large, 1,906,414 bushels exported, against 4,079,239 bushels western receipts.

The most fortunate of the chief industries at present is the boot and shoe manufacture, which is not only shipping to customers within 6 per cent of the largest number of cases ever forwarded in the first half of May, but is getting many new orders, and there are many requests to anticipate orders for June and July delivery, indicating that distribution to consumers has much outrun expectation.

The iron and steel industry, on the other hand, is pronounced as it ever has been in its whole history at Pittsburgh, in part because of doubt about the maintenance of prices recently advanced, and the demand is so small that in spite of such advances prices average 1.2 per cent lower for the week, Bessemer pig being no higher than it was three months ago at \$12.65, while No. 1 anthracite is also lower, \$12.50 at New York. The attempt to hold common bar iron at 1.2 cents leads many large consumers to prefer steel bars, which sell at 1.1 cents, and prices of nails are expected to be reduced because of scanty demand. There is much promise for future structural work, but orders are few.

Sales of wool have been a little larger the past week, 3,543,200 pounds at the three chief markets, but for two weeks only 6,539,200 pounds, against over 11,000,000 last year and in 1892. The large drives in clothing have cleared out stocks of some ready made concerns, but check new business, and the general disposition is to postpone orders as far as possible.

Failures for the week have been 224 in the United States, against 211 last year, and 33 in Canada, against 37 last year.

FOUGHT OVER A STREET.

Two Prominent Officials in Detroit Are Roughly Handled.

DETROIT, May 16.—Members of the Detroit board of public works and employees of the Detroit railway have had a hand-to-hand fight over the question of allowing tearing up of a portion of Cass avenue to remove and relay a track which the company had been ordered to do by the supreme court.

The board was finally victorious by aid of the police, but President Guthard of the board was roughly handled and Commissioner McVicar was badly bruised and had his clothes torn open by a blow in the back from a pick ax.

Not Hopeful for Spain's Cause.

He declared that the duration of the insurrection was due to American assistance.

"Persons having normal vision will be able to read this print at a distance of 10 inches from the eye and under ordinary conditions will be able to read with ease any print." If unable to do so your eyes are defective and should have immediate attention. When the eyes become tired from reading, writing, or if the letters look blurred and run together, it is a sure indication that the eyes are weak. The cause of this is the strain upon the eyes of the person using defective spectacles. Glasses of the proper shape and strength will result in perfect vision from the moment they are worn. A CONSPIRACY TO KILL
The Murder of Dodge at Mineral Springs Confessed.
PORTSMOUTH, O., May 16.—The officials in the murder of Than Dodge, at Mineral Springs, last Saturday night, say it was a deliberate conspiracy. Martha Curtis has confessed that in accordance with a prearranged plan she and her brother, Henry Curtis, induced Than Dodge to attend church that night so that the Taylor brothers would have an opportunity to kill him.
In order to prevent his resistance, she borrowed Dodge's knife, and did not return it. The Curtises were to have led Dodge through the unfrequented lane where the Taylors were lying in ambush. This they failed to do, but Dodge took that road, accompanied by his sister. As they passed the ambush the three Taylors jumped out and caught him.
He was thrown down, and while James and Sylvester Taylor held him, George Taylor cut his throat. After the fatal wound was given the murderers beat the dying man with clubs and stones.
WILL FIGHT THE DOW LAW.
Saloonkeepers Organized to Resist Collection of Increased Tax.
COLUMBUS, May 16.—A widespread movement has been organized among the saloonkeepers of the state to resist the collection of the increased Dow law tax.
At Chillicothe and other smaller cities injunction proceedings are expected to be brought against the collection of the increased tax. The saloon men take the ground that the law in its modified shape is unconstitutional, notwithstanding the elementary principles of the law are not changed, and that the modification lies only in the increase of the amount of tax to be paid. It is maintained that the new tax is excessive, and that it is unconstitutional to levy a tax beyond what the business can stand.

Testing a Legislative Act.
COLUMBUS, May 16.—Attorney General Monnett has filed a suit in the supreme court asking by what authority the commissioners are proceeding to build two bridges across the Mahoning river at Youngstown. By a law passed in 1891, the commissioners of Mahoning county were authorized to build a bridge to cost \$50,000. The last legislature authorized them to construct another bridge to cost \$20,000. The constitutionality of both the laws is called in question by the petition filed by the attorney general, in the ground that they are special legislation.

LOOK OUT FOR BUTZ.

Likely to Be One of the New M. E. Bishops.

McABE'S AND BOWEN'S CHANCES.

A Delegate Predicts That These Two Have Reached the Limit of Their Strength—Colored Man Led on the First and McCabe on Second Ballot.

CLEVELAND, May 16.—The only talk heard among the delegates to the M. E. conference is in the way of speculation upon the result of the third or secret ballot for the two new bishops. A delegate, who said he has received his information direct from one of the tellers, gave the following figures to your representative: McCabe, 234; Cranston, 203; Hamilton, 153; Bowen, 179; Butz, 113. This same delegate advanced the opinion that McCabe and Bowen had reached the limit of their strength, and that there was a great deal of quiet talk among the more conservative members of the conference of transferring their support to Mr. Butz, a very quiet, dignified, scholarly man.

The first ballot for bishop resulted in no choice. There were 50 candidates. The vote was as follows: J. W. E. Bowen (colored), 147; C. C. McCabe, 141; Earl Cranston, 115; J. W. Hamilton, 107; Dr. Buckley, 72. In addition to the leading candidates votes were received by others as follows: T. B. Neely, 47; C. W. Smith, 41; J. H. Day, 35; S. F. Upham, 34; J. C. Hartzell, 34; J. F. Goucher, 32; J. M. Buckley, 28; W. A. Spencer, 27; F. L. Neel, 25; J. F. Berry, 22; W. N. Endicott, 21; E. Reed and G. J. Little, 19; H. A. Gobin, 10; W. V. Kelly, 9; H. H. Moore, Emory Miller, A. J. Anderson and J. W. Bashford, 7 each; W. B. Leonard, 5; F. M. Bristol, 4; C. H. Payne, M. B. Mason and A. J. Palmer, 3 each; R. I. Cooke, H. G. Jackson and Merritt Hurlburt, 2 each; J. M. King, A. J. Merchant, E. A. Schell, W. F. King, D. W. C. Huntington, C. J. North, W. A. Quayle, John Mitchell, Robert Forbes, F. F. Jewell, Robert Bentley, D. P. Pierce and J. B. Graw, 1 each.

The second ballot resulted in no choice. McCabe led and Bowen fell somewhat behind. Following is the vote on the first five names: C. C. McCabe, 218; J. W. E. Bowen, 175; Earl Cranston, 164; J. W. Hamilton, 145; Dr. Butz, 96. Necessary to a choice, 343.

While the voting was in progress the conference managed to transact a little business.

Dr. Scindell presented a resolution requesting congress to pass a law prohibiting the sale of intoxicating liquors in any building under the control of the general government. This was aimed at the emigrant building on Ellis Island, in United States army posts, and it was adopted.

Dr. J. N. Fradenburgh of Erie conference presented a resolution which recited the fact that as 'tomb exists regarding the constitutionality of the restrictions of popular amusements, the committee on judiciary should be requested to present a report on that point. The resolution was adopted.

The memorial services were also held. Bishop Fitzgerald called Bishop Bowman to the chair, saying it was eminently fitting that the senior bishop should preside, and the act was greeted with great applause. After the singing of a hymn Dr. Forbes of Detroit read a portion of Scriptures and W. B. Kelly offered prayer. The first memorial read was by Dr. W. F. Whitlock on the late Dr. J. W. Mendenhall. A second memorial was read by Dr. George Reed on the late Dr. J. E. Both papers were masterly productions, and held the closest attention of the audience.

There was a lively debate bordering on the acrimonious at the meeting of the committee on state of the church. A report upon sociological work, written by Rev. Dr. William A. Quayle of Kansas City, was presented, to be the voice of the church on the subject. It was long and a wide departure from the usual formal report. It called forth some decided criticism and was defended by Dr. Quayle. After a long discussion it was returned to the subcommittee for revision.

The committee took up the suggestion that the term of probation be shortened, but the committee decided in favor of retaining the present term of six months. A sub-committee was instructed to prepare a ritual form to be used in the admission of probationers to full church membership.

The committee on itinerary considered another measure calculated to lessen the authority of the bishops. It was that the consent of the cabinet of presiding elders be had before a bishop can transfer a minister from one conference to another. The committee declined to recommend the change.

MCKINLEY IN CLEVELAND.

He Will Address the Methodist Conference Tonight—An A. P. A. Rumor.

CLEVELAND, May 16.—Major McKinley is in the city. This evening he will deliver an address to the delegates of the M. E. conference.

Concerning a report to the effect that he came here to confer with a committee from the A. P. But no conference has been arranged and I have not been notified of the coming of any committee from Washington."

M. P. Quadrennial Conference.

Burned a Lot of Property.

Daley, aged 20, both residing in Cambridge, who acknowledged that they were the perpetrators of many incendiary fires which have recently occurred in Waltham, Newton, Cambridge, Somerville and other places, have been arraigned in the district court here. The charges of incendiarism against the boys refer to the destruction of property valued at more than \$1,500,000.

DUN'S REVIEW OF TRADE.

Business Waits on Crop Prospects and the Conventions.

NEW YORK, May 16.—R. G. Dun & Co.'s weekly Review of Trade, issued today, says: It is the now middle of May, too late for change materially until the prospects of coming crops are assured and definite shape has been given to the presidential contest by the conventions. Until the future is more clear there is a prudent disinclination to produce much beyond orders, or to order beyond immediate or certain needs. If this waiting spirit prevails two months longer it will crowd into the last half of the year an enormous business if the outlook is then good. For the present there is less business on the whole than a year ago, though in some branches more, and the delay following months of depression is to many trying, and causes numerous failures.

Wheat is unchanged in spite of all rumors, and the Atlantic exports, flour included, which were last year greater than western receipts, for two weeks, 3,059,484 bushels, against 2,917,305 bushels received, have this year been only half as large, 1,906,414 bushels exported, against 4,079,239 bushels western receipts.

The most fortunate of the chief industries at present is the boot and shoe manufacture, which is not only shipping to customers within 6 per cent of the largest number of cases ever forwarded in the first half of May, but is getting many new orders, and there are many requests to anticipate orders for June and July delivery, indicating that distribution to consumers has much outrun expectation.

The iron and steel industry, on the other hand, is pronounced as dull as it ever has been in its whole history at Pittsburgh, in part because of doubt about the maintenance of prices recently advanced, and the demand is so small that in spite of such advances prices average 1.3 per cent lower for the week. Bessemer pig being no higher than it was three months ago at \$12.65, while No. 1 anthracite is also lower, \$12.50 at New York. The attempt to hold common bar iron at 1.2 cents leads many large consumers to prefer steel bars, which sell at 1.1 cents, and prices of nails are expected to be reduced because of scanty demand. There is much promise for future structural work, but orders are deferred.

Sales of wool have been a little larger the past week, 3,343,300 pounds at the three chief markets, but for two weeks only 6,539,200 pounds, against over 11,000,000 last year and in 1892. The large drives in clothing have cleared out stocks of some ready made concerns, but check new business, and the general disposition is to postpone orders as far as possible.

Failures for the week have been 224 in the United States, against 211 last year, and 33 in Canada, against 37 last year.

FOUGHT OVER A STREET.

Two Prominent Officials in Detroit Are Roughly Handled.

DETROIT, May 16.—Members of the Detroit board of public works and employees of the Detroit railway have had a hand-to-hand fight over the question of allowing tearing up of a portion of Cass avenue to remove and relay a track which the company had been ordered to do by the supreme court.

The board was finally victorious by aid of the police, but President Guthard of the board was roughly handled and Commissioner McVicar was badly bruised and had his clothes torn open by a blow in the back from a pick ax.

Not Hopeful For Spain's Cause.

MADRID, May 16.—General Pando, who has just returned from Cuba and who is mentioned as the possible successor of General Weyler as captain general of that island, in an interview, is quoted as expressing himself pessimistically regarding affairs there. He declared that the duration of the insurrection was due to American assistance.

The Treasury Calls For Cash.

NEW YORK, May 16.—The treasury department has issued a further call on the depository banks, graded according to the amount of their holdings of government money. The aggregate amount so held at this time is approximately \$9,000,000.

Sample of General Booth Christianity.

CHICAGO, May 16.—Members of the Salvation Army here claim the furniture used by Brigadier Fielding, who deserted to Ballington Booth's Volunteers, leaving his family with nothing in their rooms but bare floors.

Were Divided by the Beecher Trial.

NEW YORK, May 16.—The Manhattan and New York of Brooklyn conference of the Congregational church have united, after a separation of more than 20 years, occasioned by difficulties growing out of the Beecher trial.

Killed Nearly Eight Matabeles.

BULSWAYO, South Africa, May 16.—A party under Captains Grey and Wrey have attacked and routed a body of Matabeles, near Theba Induns, killing nearly 80.

The Weather.

Fair; light to fresh southeasterly winds; warmer in northern portions.

PITH OF THE NEWS.

The steamer Bermuda failed to land her arms and men in Cuba. Republican senators now talk of congress adjourning by June 1. Ex-Premier Cecil Rhodes is reported to be at the front in every engagement with the Matabeles.

The thirtieth annual meeting of the National Board of Fire Underwriters was held in New York. The Spanish cabinet considered the framing of a protest to the United States on filibustering expeditions.

The Illinois department of the G. A. R., at Cairo, passed resolutions denouncing President Eliot of Harvard for his late speeches and utterances. John H. Rydell was arrested on the charge of stealing \$20,000 in diamonds from his foster brother, Eugene C. Akers, at 273 Sixth avenue, New York.

Because Miss Belle Webster of Auburn, N. Y., who is engaged to a University of Pennsylvania student, refused Charles Weddigan, the latter shot himself in her home. The house committee on elections No. 1 has unanimously decided the contested election case of Denny vs. O'Brien, of the Seventh Kentucky district in favor of Owens.

"Persons having normal vision will be able to read like print at a distance of 14 inches from the eye with ease and comfort; also will be able to read with ease any printed matter if unable to do so, their eyes are defective and should have immediate attention. When the eyes become tired from reading or writing, if the letters are blurred and run together, it is a sign that the eyes are becoming weak. The remedy is to have the eyes examined by a specialist. If the eyes are found to be defective, the use of spectacles will be necessary to prevent injury from the strain caused by the use of the eyes without the aid of spectacles. Continued use of the eyes without the aid of spectacles will result in the loss of vision."

Special to the NEWS REVIEW.

LISBON, May 16.—The sensation caused in Hanover township several weeks ago, when Henry Shontz began an action for \$10,000 damages against Taylor Temple for having alienated the affections of his wife, was revived last evening when Shontz sued for a divorce. Six years ago the couple were married and are the parents of one child, a boy five years of age, of whom the father wants custody. Unfaithfulness and the crime of adultery is charged against the defendant, and Temple is named as co-respondent.

Helen Waters, an habitual truant and all-round incorrigible of Salem, was brought to probate court this morning and will be sent to the girls' industrial school at Delaware. The case was continued until May 18 when notice will be given the board of county visitors.

A marriage license was issued to Edwin Catlett and Mary M. Hess.

More Kind Words For America's Next President.

Being at odds on this point with several millions of people, fortified by tabulated figures and ascertained facts, he shows magnificent courage in maintaining his position.—New York Tribune.

At a special meeting of White Rose lodge, No. 25, Daughters of St. George, held on Thursday night, May 14, 1896. The following resolutions of respect were unanimously adopted:

WHEREAS, It has pleased the Supreme Ruler of the universe to take from among us our beloved sister, Mrs. Arabella Gallimore, therefore be it Resolved, That we sincerely mourn the loss of our dear sister and worthy member, an affectionate wife and true hearted mother, and whose generous heart ever responded to the appeals of those in sorrow or need.

For the Public Good.

In another part of this paper appears an advertisement worthy the reading, as it's for the public good. It tells of a free distribution of Doan's Kidney pills, a remedy for kidney ills. Read it, and call at the W. & W. pharmacy, 206 Market, corner Fifth street, East Liverpool, O.

When two Chinamen meet, their way of saying "How do you do?" is "How are your bowels?" It amounts to the same thing. If the bowels are in good condition the rest of the system is pretty sure to be all right. But when they are constipated, it has a half-paralyzing effect on the rest of the body—and the mind too. Headaches, dyspepsia, biliousness, nervousness, poor sleep, weakness, heart palpitation and gloomy spirits, all come from constipation. And that isn't the worst of it: It lays your system open to all sorts of serious and dangerous illness.

It isn't safe to neglect constipation and it isn't safe to use dangerous wrenching cathartics to overcome it, either. They leave you worse off than before. What is needed is a mild natural laxative like Dr. Pierce's Pleasant Pellets. They act surely but without any violence. They regulate and strengthen the intestines to do their own work. When the "Pleasant Pellets" cure you, you are cured. You don't become a slave to their use. Take care the druggist doesn't give you something else he calls "just as good." It may be for him, but how about you?

You might learn a thousand valuable lessons about preserving your health by reading Dr. Pierce's Common Sense Medical Adviser. It is a grand book and the present edition is absolutely free to all who send 21 one-cent stamps to cover cost of mailing only. It contains 1008 pages and over 300 engravings. 680,000 cloth-bound copies have been sold at \$1.50 each. This free edition is in strong manilla paper covers, otherwise it is just the same. Address World's Dispensary Medical Association, Buffalo, N. Y.

THE GREEN-LUTHRINGER CASE

Which Has Been Pending For Three Years Dismissed—An Habitual Truant, an Incorrigible Will, he Sent to Delaware Industrial School—Court News.

Special to the NEWS REVIEW.

LISBON, May 16.—The sensation caused in Hanover township several weeks ago, when Henry Shontz began an action for \$10,000 damages against Taylor Temple for having alienated the affections of his wife, was revived last evening when Shontz sued for a divorce. Six years ago the couple were married and are the parents of one child, a boy five years of age, of whom the father wants custody. Unfaithfulness and the crime of adultery is charged against the defendant, and Temple is named as co-respondent.

Helen Waters, an habitual truant and all-round incorrigible of Salem, was brought to probate court this morning and will be sent to the girls' industrial school at Delaware. The case was continued until May 18 when notice will be given the board of county visitors.

John S. Bourne administrator of the late William Malkin's estate began an action against the heirs in probate court today to sell lot 2172 in East Liverpool for the purpose of paying the debts in the estate.

William T. Henderson, of Wellsville, filed a motion which asks for the oral examination of James J. McDewitt, of that city concerning his property, both personal and real. The court ordered McDewitt to appear on May 19.

The case of the Robert M. Green company against Joseph L. Luthringer, of East Liverpool, which has been pending for three years, was this morning dismissed at the request of the plaintiffs. The case was originally brought in Squire Rose's court where a judgment was given the plaintiff in August, 1893, for \$276.75 and costs, when proceedings were brought here to recover the amount by selling a lot belonging to the defendant.

A marriage license was issued to Edwin Catlett and Mary M. Hess.

The Catholic school grounds are to be improved by the addition of two are lights.

George L. Frederick has moved his household effects from a point east of Pittsburg to this city.

The Phoenix club and their friends danced at Columbian park last night. An enjoyable time was had by all.

A J Kerr went to Pittsburg this morning to consult an oculist in regard to being treated for defective vision.

Invitations are now out for the commencement exercises of the graduates of the high school, and a neat program has been arranged.

Captain J. L. Morris, who has been living on Seventh street, shipped his household goods to Carrollton today, where the family will reside.

Frank Huff, of Market street, is suffering with a cut on his knee caused by being struck with a piece of glass that fell from a window.

Harry Deacon, who left the city a few weeks since to take up a position in Falston, Pa., is reported to have been taken down sick, and is very ill at that place.

The medical association met last night in Doctor Andrew's office and discussed "Puerperal Septicemia." There was a good attendance of physicians present.

The delegates from this city to the Grand Army encampment at Columbus, returned home this morning. Alex McGraw was made alternate to the national encampment held in St. Paul.

Charles Kline, a moulder employed at Boyce's foundry, was knocked down on West Market street Wednesday evening by a horse that became frightened at a passing street car. His back is injured, but not seriously.

M. B. Adam, since returning from Chicago, has not decided positively whether or not to locate in that city, although he is putting his business affairs in such shape that should he decide to go, he can leave without any delay.

The name of another victim of the accident that occurred here on circus day has been learned. Miss Lizzie Morrow, the nine-year-old daughter of Allison Morrow, of East Market street. The little girl is not very badly hurt, although a horse trampled on her breast.

The funeral of Mrs. Arabella Gallimore will take place Sunday afternoon, Reverends Taggart and Whitehead preaching the burial services at the Methodist Protestant church. Mrs. Gallimore was ill only 14 days. The Daughters of St. George will have charge of the funeral.

The Diamond pump is once more smart, and the question is being asked frequently "what is the matter anyhow?" The pump was supposed to have been fixed and ready to start when the water works people shut them off by wanting water rent. Why it is put up one day and taken down the next is a question hard to answer.

Captain Tanner, a lady Salvationist, of Cincinnati, has taken charge of the day at this place. She comes highly recommended and will no doubt work great good in the local ranks. Lieutenant Metcalf expects to go to Cleveland, where he will take charge of a company in that city. He has just returned from a two weeks' visit to friends in East Orwell.

James Gifford and wife resigned their positions at Mountford's pottery yesterday and will sail for England on next Wednesday. They will make their future home at Burslem, England, the city in which they resided before coming to this country. Last night Arthur Hynes, Edward McKinney and "Timmy" Stapleton, three members of the Brownie minstrels, were practicing on the iron bars of the Porter building some of the new things they had noticed in the circus. The bars were notched in order to stop actions of this kind, but not until the star performer, "Timmy" Stapleton had a chunk taken out of his hand did they cease. The boy has a very sore hand today.

Miss Mittle Perry died early this morning at the residence of her sister, Mrs. Stephen Hague, of Market street. Deceased came here from her former home in the country, about 16 miles northeast of this city, about four weeks ago and was only sick a few days. She was attacked with a malignant type of typhoid fever that soon resulted in her demise. Funeral services will be conducted by Rev. John Lloyd Lee and Doctor Gray, pastor of Bethel church, of which she was a member, Sunday morning at 10 o'clock, at Mrs. Hague's home, and the remains will be taken to the family plot at West Beaver cemetery for interment. The young lady's death, it is said, was hurried on by her deep grief over the death of her parents, which occurred only a short time since.
